

# A GREAT WAR ON SKIRTS

## THE BAZAAR Millinery Department

Five hundred new sample skirts, comprising twenty-four different patterns, worth \$2.50 and \$3.00, our price this week, \$1.49.

Two hundred new wool boucle plaid skirts, in all the new shades of greens, blues, reds and heliotrope. These skirts would be considered cheap at \$4.00; our price this week, \$1.98.

One hundred and fifty new silk and satin dress skirts at \$4.98, \$6.00 and \$8.00, worth \$10.00, \$12.00 and \$18.00. A perfect fit guaranteed.

A new department has been added to our business for the accommodation of our many customers. We make a specialty of silk and velvet waists and Russian blouses, which we furnish complete from \$3.00 to \$5.00—worth double the price.

Don't Mistake the Place. 215 Broadway

## New Silks

Always on the lookout for the newest, we have purchased a lot of striped satins, in wide and narrow stripes, the latest fad for skirts and waists. Price, \$1.10 per yard.

## Embroidery

We have opened our importation of Hamburg, nainsook and Swiss edgings and insertions. Always in the lead in these goods, we have outdone all previous efforts. We ask you to inspect our lines and see the new and novel designs.

## Dr. Raub's... Egg White Soap

We have for sale this soap, which has been extensively advertised in the leading magazines. Price, 25c per box—three cakes to the box.

We Have Secured the Sale  
of the Famous

You are cordially invited to investigate the superior merits of the Cresco. We shall take pleasure in explaining to you wherein it excels all other corsets.

The Cresco contains the only new and really valuable improvement applied to corsets in twenty years.

A combination of comfort and economy. Wear it, and it wins you. Once worn, you'll wear no other.

We continue the sale on corsets, boys' waists and comforts advertised last week.

Deadness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by using a cathartic remedy. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh, that cannot be cured by the Linnwood Catarrh Cure. Send for circulars, free.

Sold by Druggists, or F. J. Cusack & Co., Toledo, O. Mail's Family Pills are the best.

Former Leading Man at the Casino Can't Be Found.

His Friends Puzzled—La Belle Park Contract Soon to Be Let—Other Announcements.

Those who attended the local theater last summer, especially the fatal Casino, do not remember Harry Driscoll, the handsome actor who played leading roles in the popular stock company. Mr. Driscoll has disappeared from the face of the earth, as it were, so far as his relatives and acquaintances are concerned. At least, he was last heard from in October, when he was in Boston having resigned from the "World Against Her" company. Since then he has vanished as if by magic, and his several friends in Paducah, among whom was ex-Manager J. P. Foppe, with whom he carried on a regular correspondence, started his letters ceased to come. It was to him that several of the local theater companies had been recommended for the position of leading man, and as he was a constant reader of the local press, the case is a most mysterious. It is believed he is wanted back here, but he cannot be found.

Colonel W. D. Hager died Dec. 21, at Wauson, Ohio, of lung disease of the stomach. He had been a general manager of the Barmann & Bailey shows for several years, owning the side shows and privileges. He was a member of New York Lodge B. P. O. E. The funeral occurred at Wauson on Dec. 31. Mr. Hager leaves a widow and a son. He was well known in Paducah, having been here last September with the circus.

Alchalea and Leon Herrmann, who were at Morton's opera house Friday night, have received a flattering offer from Imre Kiralfy, director-general for the London exposition, beginning in May. Mr. Kiralfy is confident that the entertainment given by the Herrmanns, especially Madame Herrmann's dances, will make a sensation abroad, and it is more than likely that the company will sail in April.

Colonel William F. Cody, (Buffalo Bill) who was in Paducah on October 6th, intended, it is said, to visit Germany in the spring. But he has decided to defer the trip until 1920, when he will prepare to give his Wild West Show at the Paris exposition of 1900. After that he expects to retire, and give each employee a pension and a home in the Big Horn Basin.

It is likely that before many days the contract for managing La Belle Park and theater will be let. It is understood that the management has not yet determined whether a new theater will be built or not, and whether it will be located in La Belle Park or not, but the people may confidently expect the coming season to get advantage of the best summer accommodations and attractions ever known here.

RAILROAD NOTES.

New Time Cards That Went Yesterday.

The time card which went into effect on the Illinois Central yesterday changed the leaving time of the St. Louis train, which has heretofore departed at 12:10 p. m. to 12:01 p. m., nine minutes earlier.

The time card which went into effect on the Western Division does not affect the time of any of the trains here. The accommodation from Fulton to Memphis has again been put on, leaving Fulton at 3:30 p. m. This enables passengers who leave here on the 3:30 "cannon ball" to make close connection with the accommodation for points south of Fulton.

The station of Crystal Lake, on the Louisville division, has been moved south 1,700 feet, and the name has been changed to Twin Caves.

PASSED PADUCAH.

Many Well-Known Minstrel Men Go Through.

Pinrose & West's big minstrel, numbering seventy-five people, including George Wilson, well known here, passed through the city yesterday afternoon at 2:20 o'clock, en route to Cairo via Fulton. Many minstrel men well known in Paducah got a ten minutes' look at the town from the car windows and depot platform.

Manager Terrell could not play the big minstrel, because he had already booked Creston Clarke, and the minstrels would have had to come either a day ahead or a day behind Mr. Clarke, which is contrary to opera house ethics.

ADJUDGED INSANE.

Miss Nettie Witty Tried for Lunacy This Morning.

Miss Nettie Witty was this morning tried in the circuit court on a charge of lunacy, and was adjudged insane by the jury. She has been weak minded all her life, and has spent many years in Paducah, spending considerable time in the Home for the Friendless. She will be taken to Hopkinsville at once.

New Howards Meeting.

The New Howards were in session at the city hall this afternoon at present time, with quite a crowd of solicitors for aid.

Good Work on the Streets.

Overseer of the Chain Gang Cooksey and Assistant Emil Goureaux had the gang at work cleaning mud from the streets today.

Another Accident on the \$36,000 Wharf.

Team of Mules Drop Into an Old Sewer.

A peculiar accident occurred at the foot of Jefferson street, on the rock levee this morning. A team belonging to Mr. G. W. Baldwin, which was being used in hauling, was standing on the wharf when suddenly the mules who had been watching it saw it vanish as if the earth had swallowed it up. An investigation developed the fact that the earth had swallowed the two mules and wagon both. They had suddenly stumbled into a hole about six feet deep. The mules went in first, and the wagon folded around and rested gracefully, wheels topmost, on top of them. Fortunately the driver was not on the wagon; if he had been he would have been crushed to death between the wagon and the mules. The mules, badly skinned and bruised, were extorted with difficulty.

An old sewer, which had been there for years, is what was found to have occasioned the unusual event. It was built there, it is said, by Mr.
